GOVERNMENT GAZETTE
Conditions of Acceptance of Copy

Failure to comply with any of the following conditions will result in the rejection of copy, and no responsibility can be accepted if such rejection should affect any date contained in such copy or any requirement of publication on a specific date.

Persons drafting any kind of notices are strongly advised to follow the guidance offered in:

1. Other than by prior arrangements, only original typing is accepted.

2. Carbon-copies are not normally acceptable, other than in cases where the original typing has to be legally retained, elsewhere, as, for example, in the case of a proclamation.

3. Computer print-outs are not accepted automatically, as discussion may be necessary with regard to the extra time and costs involved.

4. Photographic copy or copy produced on a duplicating machine must be one and a half spacing between the lines.

5. (1) Should any copy —

(a) the Instructions Relating to the Drafting and Typing of Legislation (Attorney-General's Circular 1 of 1978); and

(b) the Manual of Style for the Drafting and Preparation of copy published by Printflow (Private) Limited;

which two booklets are intended for complementary use.

In these conditions, other than where a particular kind of copy is specified, “copy” means copy for all matter contained in the Gazette itself and for subsidiary legislation issued as supplements to the Gazette.

1. (1) Other than by prior arrangements, only original typing is accepted.

2. (2) Lengthy copy may be accepted at less than 21 days’ notice if —

(a) exceed 10 pages of double-spaced typing on size A4 paper; or

(b) contain tabular or other matter which involves complicated setting; it will be classed as “lengthy” copy, and will be required to be submitted not less than 21 days before the date of closing for the Gazette in which it is to be published.

3. (2) Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

9. (2) Photographic copy or copy produced on a duplicating machine may be accepted if it is abundantly clear.

10. (1) Other than by prior arrangements, only original typing is accepted.
(a) the work involved is of a straight forward and non-tabular nature; and
(b) the total volume of work on hand for the time being permits its acceptance.
6. Notwithstanding anything to the contrary contained in these conditions, any copy —
(a) which is of national importance, and which is originated as a matter of urgent necessity, may, by prior arrangement, be accepted late for the current week;
(b) may, due to shortage of staff or to technical considerations, be delayed until conditions permit its processing.
7. Copy must not be submitted as part of a letter or a requisition. It must appear on a separate sheet of paper, on which there is no instruction or other extraneous matter.
(a) in cases where notices have to be published in tabular form, copy must be drafted exactly as it is to appear. If printed forms for any such notices are unavailable, advertisers must prepare their own forms. While it is not necessary to include the preamble, the box-headings must be there, and, where applicable, the number of the form; for example, "Insolvency Regulations — Form 3".
(b) in the case of copy for tabular notices, the provision of subsection (2) of section 3 does not apply.
9. Copy for all advertisements, whether sent by post or delivered by hand, must be accompanied by a requisition or a letter which clearly sets out —
(a) the name and address of the advertiser; and
(b) the debtor’s name and address; and
(c) the required date or dates of publication.
10. If a typographical error occurs in the Gazette, it is rectified as soon as possible by a correcting notice without charge to the ministry or department concerned, subject to the following conditions —
(a) that such error is reported to the editor within three months from the date of publication; and
(b) that the relevant copy, upon re-examination, is proved to be abundantly clear; and
(c) that the correction of such error is legally necessary.
(2) If a drafting error is not detected before publication, the originating ministry or department is required to draft its own correcting notice, take it to the Attorney-General for vetting and pay for such notice to be published.
(3) For the removal of doubt —
(a) a typographical error is made by a typographer;
(b) a typist’s error is classed as a drafting error by reason of the fact that the officer responsible for drafting failed to check the typist’s work.

GOVERNMENT GAZETTE

Submission of Copy for Government Gazette Statutory Instruments and Notices

IT is hereby notified, for general information, that it is necessary to draw attention to the "Conditions for Acceptance of Copy", which appear in every issue of the Gazette; and particularly the need to submit lengthy copy, in the case of Statutory Instruments, at least 21 days before the date of closing for the Gazette in which the notice is to be published.

During the past few months or so there have been many cases where urgent copy for subsidiary legislation, which requires the signature of the President or a minister to give it effect, and which is of national importance, has been sent in for publication in the Gazette after closing-time. Whilst I acknowledge that it is the duty of Printflow (Private) Limited to give certain notices special treatment, I am, however, of the view that a Gazette Extraordinary has tended to be a matter rather than a matter of urgency in respect of unwarranted delays of urgent copy.

While every effort will continue to be made to publish Extraordinarys on the required dates, copy must be submitted timely so that it can be programmed into the printing-work-flow as soon as it is available.

H. MATINGWINA.
Gazette Editor.

This Bill will amend the Electricity Act [Chapter 13:19] in clauses stipulated below.

**Clause 1**

This clause sets out the Bill’s short title.

**Clause 2**

This clause provides for the introduction of stiffer penalties for the abstraction or diversion of any electric current, or the use of such electric current, knowing it to have been unlawfully abstracted or diverted. Currently the Act provides for an option to pay a fine where one is convicted for such a crime, and the Bill proposes to remove the option to pay a fine generally, unless they are special circumstances peculiar to the case that may warrant awarding the option to pay a fine.

**Clause 3**

This clause provides for the introduction of stiffer penalties for transportation of material used in connection with generation, transmission, distribution or supply of electricity. Currently the Act provides for an option to pay a fine where one is convicted for such a crime, and the Bill proposes to remove the option to pay a fine and instead for one to be liable to imprisonment for a period not less than 10 years. The clause also makes provision for the Court to consider special circumstances, which might be exempted from this stiffer penalty.
